RE: Synopsis of Orioles Skybox Use 2011 Season

There were 81 home games. Three games were unused, (2) because of rain out or (1) time change. On August 26, Congressional Delegation representatives were slated to go, but it seems none were able to attend due to the imminent arrival of Hurricane Irene.

Nonprofits: Charities, schools, hospitals, and other not-for-profit institutions were guests in the box **29** games. **(37%)**

Governmental Relations: The box was used for governmental relations/outreach **28** games. (13) General Assembly; (6) counties/municipalities; (4) Federal; (5) community/interest group leaders. **(36%)**

State Government: State Government used the box for outreach to businesses or other entities working with the State, or as staff appreciation. Governor's office staff (11) and State Agency Staff (6) had the box a total of **17** games. **(22%)**

Other:

Per DBED's Division of Tourism, Film and the Arts, HBO and Game Change guests used the skybox 1 game.

Plaxen and Adler, PA, used the box on 2 occasions.

The Governor's Summer Internship Program, run by the Shriver Center at UMBC, used the box 1 time.

The Lieutenant Governor used the box 1 time for staff and family.

First Lady Katie O'Malley used the box 1 time.

The Governor attended and hosted business leaders in the box on Opening Day

To the extent that these numbers don't add up precisely, it is because on occasion the box was used by 2 groups at once. Percentages are based on the 78 games actually used.
